Introduction

*"Why, man, he doth bstride the narrow world
Like a Colusus; and we petty men
Walk under his huge legs, and peep about
To find ourselves dishonorable graves.
Men at some time are masters of their fates:
The fault, dear Brutus, is not in our stars,
But in ourselves, that we are underlings."*

Julius Caesar (1599) act 1, scene 2 Shakespeare

The subject of Fate or Destiny has triggered many a philosophical argument. What is destiny? Are the details of our lives pre-destined? How much free will do we really have? These are imponderable questions. This report does not offer the answers. Rather it gives us some signposts to help us on our life journey.

When meteorologists forecast the weather we understand that they are not telling us how to live our lives. Rather they are giving us information that may help us make our own decisions. As far as the weather is concerned our major decisions are whether or not to dress warmly or to take an umbrella. The astrological system of Transits is offering us much the same information. It is giving us an indication of the emotional and intellectual weather of our lives. It is up to us to decide our own destiny.

When using this set of interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

Background Planetary Placements

Each entry in this list relates to an astrological placement that affects the natal chart of this individual for a period of time. The entries are sorted by planet, and by the date on which each period starts. Note that some planets are slow moving, and may remain in the same placement for the entire duration of the report, whereas other faster moving planets may move into different houses or signs a number of times during the period of the report.

TRANSITING JUPITER IN THE 9TH HOUSE - Jupiter is the planet known for generosity, expansiveness and joie de vivre. Ancient astrologers considered it to have a positive influence heralding abundance and expansiveness. Therefore you can expect these traits to influence the area of your Birth Chart currently under its influence. Life takes an upward turn when the positive planet Jupiter moves through your 9th House. In some ways you may be on a search for the meaning of life, and your quest for knowledge could lead to the fields of philosophy or religion. On the other hand you may simply notice the more uplifting and positive things in your life, no longer worrying about the more trivial matters. As your attitude becomes more positive, you are eager to experience new things and so it is also possible that doors will open enabling you to study, teach and travel. Your horizons broaden during this period. People from foreign lands, or alternative cultures, may influence you and broaden your mind. You are more lighthearted and accepting of people with different points of view. Films such as "The Life of Brian" may hold particular appeal as your sense of humour comes to the fore. Your beliefs broaden and therefore you are less judgemental of yourself and others. This is a positive and uplifting phase of your life.

TRANSITING JUPITER IN THE 10TH HOUSE - Jupiter is the planet known for generosity, expansiveness and joie de vivre. Ancient astrologers considered it to have a positive influence heralding abundance and expansiveness. Therefore you can expect these traits to influence the area of your Birth Chart currently under its influence. Your career and public life are highlighted as the expansive planet Jupiter moves through the 10th House of your Chart. During this time you are likely to seek greater satisfaction from your chosen career. As a result you may seek and gain promotion, travel with your work, change jobs, or have the opportunity for further study to enhance your career. It is also possible that you take on a teaching or training role during this time. On the whole you seek more meaning and purpose. As US self-help speaker Earl Nightingale said: "We are at our very best, and we are happiest, when we are fully engaged in work we enjoy on the journey toward the goal we've established for ourselves. It gives meaning to our time off and comfort to our sleep. It makes everything else in life so wonderful, so worthwhile."

So says renowned astrologer Brian Clark. Therefore Saturn is likely to force you to slow down and restructure any area that it influences in your Birth Chart. TRANSITING URANUS IN THE 3RD HOUSE - Uranus is a planet that is full of surprises. It takes approximately 84 years to do a full circle around the Zodiac. This means that it moves slowly through each Zodiac Sign and its effects on your Birth Chart takes time to unfold. It is important to note that this erratic planet can affect your life in a variety of ways depending on how you cope with change. If you try to resist change then you may find this planet's effects somewhat of a challenge. If you welcome liberation then you are in for a joyride. The planet Uranus helps you break free from past chains and restrictions and form new and more joyful ways of interacting in your life. Your life may be disrupted but you are then free from thinking inside the box, and new horizons open up. The area of your Birth Chart influenced by this liberating force is likely to be awakened and stimulated. As Uranus wends it way through the 3rd House of your Birth Chart new ideas and inspirations flow. You enjoy studying unusual subjects, and may start a new course. Communications with other could be unpredictable, particularly in your relationship with your siblings, neighbours and neighbourhood groups. You may even consider a change of scenery moving to a different environment. Spontaneous short journeys may also stimulate new ideas and connections.

TRANSITING NEPTUNE IN THE 2ND HOUSE - The planet Neptune takes approximately 164 years to circle the Zodiac. This slow-moving planet's transits unfold slowly. It is therefore more significant to look at any exact transits that are occurring in your Birth Chart. Nevertheless it can be helpful to try to understand the effect of Neptune as it enters into and transits through a House in your Birth Chart. Neptune is the planet that urges us to search for meaning in our lives, to look beyond the structures and focus on purpose. For instance are you pursuing a career because of ambition and material rewards or is it your true purpose and fully satisfying? Therefore it is not uncommon for the initial effects of Neptune to be confusion and disillusion, perhaps even a sense of loss. Gradually awareness emerges and you are able to see what is underlying the illusions and what you can gain by changing your course and embracing values that truly enhance your journey in life. Neptune helps you see the truth of any situation and therefore live your own truth. As Neptune moves through the 2nd House of your Birth Chart finances can be a source of confusion during this period. Perhaps you are unsure of your income and therefore are having difficulty planning. You may feel unsure of yourself, lacking your usual self-confidence and self-esteem. Gradually you are able to

sort out your finances and have a more balanced approach. You may decide to earn your money in a way that is of service to other people, or perhaps you decide to donate a portion of your income to a cause close to your heart. You may also earn your money through alternative practices.

TRANSITING PLUTO IN THE 12TH HOUSE - Pluto is the slowest moving planet in the Solar System, taking approximately 248 years to complete a circle around the Zodiac. This slow-moving planet's transits are long-lasting and initially pack a punch if you are not living according to your true natures. The more you are your authentic self, the more that you can embrace the positive side of Pluto. The author of the website Café Astrology puts it best when stating: "Pluto compels us to explore more deeply. Superficiality is not acceptable for Pluto. Pluto transits insist that we get in touch with our core purpose and our deep sense of power. New levels of intimacy, not only with others but also with ourselves, are discovered and uncovered." Currently you are more likely to notice the undercurrents of society and may need some time to retreat and learn. You have a pressing need to explore the unconscious realms, possibly becoming concerned with making the unknown conscious. You may find yourself constantly at the centre of crises, without understanding why. As Pluto moves further through your 12th House you are likely to gain a greater awareness of how you contribute to the patterns.

Each entry in this list relates to an astrological event that affects the natal chart for this individual. The entries are sorted by the exact date on which each event occurs, and the period of time around this date during which the events are considered to be in effect is shown in parentheses on the same line. Note that due to occasional retrograde motion of some planets, some events may be exact on two or more dates, and in this case all such dates are listed on the same line. Any events which are not exact within the report period, but whose period of effectiveness overlaps with the report period are also included.

TRANSITING URANUS SQUARE RADIX URANUS - This transit occurs around the age of 20-21 and again in your early to mid-60s. Hence its connection with young adulthood and the age of retirement. It usually brings a desire for freedom, an urge to break away from authority. If you are in the younger age group, this transit can see a more rebellious energy as you seek greener pastures. Your need for self expression may take over your common sense and you need to beware of taking risks without appropriate discrimination. The more your individual freedom has been oppressed by authority figures, the greater your desire to break free. However, you would do well to strike the right balance between developing your own individual rights and considering the rights of others. If you are in the older age group this can time can manifest itself more as a need to break free of your responsibilities and to brighten up life. If you have fallen into a rut in the past, you will now feel the urge to break out. Perhaps you feel that you have given a considerable amount of time and energy to your family, work and society. Now it is your turn. For this reason you will consider many new and exciting ventures such as starting again in a different city or country, moving home, or retiring from your life's work. In some cases you may feel the urge to make changes to your current lifestyle to accommodate your need for expansion. The only hitch to this transit can be that you may lack tolerance for anyone who stands in your way as you seek to expand your horizons. If this is the case enlist the help of others rather than tempting them to work against you.

You are also pondering of past events and old friends. Old photograph albums may come out of the closet. Sentiment plays a strong role in this phase of your life, either through the acquisition of sentimental items or the need to give away mementoes. You feel the urge to visit familiar places or people from the past. You may also welcome unexpected visitors from previous phases of your life. These visitors may be carrying a subtle message for you. Try to search for the hidden meaning behind the events and people who are currently appearing or disappearing from your life.

The lesson is to focus on spiritual, rather than material, purpose of your life. Now is the time to face your fears and move towards your true purpose. You need to let go of emotional hurts, which stand in your way and take action. Feel the fear and do it anyway. TRANSITING PLUTO OPPOSITION RADIX JUPITER - During this time you will find it difficult to achieve your goals. It may be that you lack the confidence or energy needed to help you achieve your aims, or perhaps others will stand in your way. You should be wary of anyone appearing in the guise of guru or priest, particularly the established church. You would also be wise to avoid legal battles during this transit, as they could prove very difficult under the influence of this energy.

TRANSITING JUPITER TRINE RADIX JUPITER - Lucky in love and life can be the catchphrase for this transit. Although it is not as powerful as some other Jupiter transits, it is a time of optimism and good fortune. Do not pass up opportunities, but use your discrimination regarding the opportunities that come your way. You may find that the opportunities that arise are connected with travel, study, and anything that expands your horizons.

TRANSITING URANUS TRINE RADIX NORTH NODE - New experiences abound prompting a change of direction more in line with your true purpose in life. This could involve meeting new groups of people, an

exciting new relationship, change of career or new interest. It could also involve metaphysics, science, environmental interests or technology. This is a metaphysical time during which you have the opportunity to become more alive and open to life's excitement. It's also possible that you will take up activities that, although not obviously linked with your ultimate purpose, will stand you in good stead later in life. Our own ideas of our true purpose at one stage in life may differ at a later stage. So keep an open mind and make the most of any opportunities that pass your way.

TRANSITING URANUS CONJUNCTION RADIX MERCURY - A lightbulb has gone off and you can't switch it off. It is almost as if you woke up one night with a bright idea and now you can't stop thinking about all of the new possibilities in your life. It is also possible that a sudden event or unexpected news sparked changes in your thinking. Your mind is active and you are open to new possibilities. For this reason this is the ideal time to start any creative project that requires innovative thinking. You are very inventive right now and all of your projects will reflect this newfound influx of ideas. Your ideas may be ahead of their time, but you are happy to simply put them into action and see what happens. Your intellectual prowess also extends to your personal life. You are seeing many facets of your life in a different light. This can be a very exciting time during which you pave the way for a new outlook. It can also be a bit unsettling if you prefer the comfort of an ordered life. The sudden and erratic change of circumstances forces you to discard habits that have kept you in a rut. Being forced out of your comfort zone may make you insecure, but you can be reassured that in the long-term you will be thankful. This phase is offering you a new lease on life. It is also an ideal time for writing or any communication that requires an agile mind or tongue. It is also a good time for studies, particularly in fields such as astrology, science, politics, caring for the environment, technology and electronics.

TRANSITING JUPITER CONJUNCTION RADIX SATURN - This can be a beneficial transit during which you feel an increased joy in your responsibilities. You now feel that you have the ability to achieve a sensible balance in your life reaping benefits from past hard work and planting seeds for the future. This may take many forms including career promotion, others recognising your work and opportunities to study or travel. In some cases you may feel the urge to make changes to your current lifestyle to accommodate your need for expansion. The only hitch to this transit can be that you may lack tolerance for anyone who stands in your way as you seek to expand your horizons. If this is the case enlist the help of others rather than tempting them to work against you.

TRANSITING URANUS CONJUNCTION RADIX SUN - You are undergoing a dramatic change during which you may feel the urge to break out and embrace new and exciting pursuits. If you enjoy the challenge of new events and people entering your life then you are likely to feel excited during this phase. However, if you prefer the comfort of routine then life may start to feel like a roller coaster ride as new and exciting opportunities enter your life. You will enjoy this phase more if you can go with the flow and accept the

changes. When you look back on this period you will be able to see the benefits of the changes taking place. Whether you realise it or not the urge for change is coming from within rather than being prompted by other people. In fact your loved ones may feel somewhat threatened by the alterations in your life. This can be upsetting. However, if you suppress your urge for change feelings of restlessness and rebelliousness will unexpectedly erupt prompting sudden and erratic lunges for freedom. This can be destructive to the structures in your life. You are better off if you can assimilate your new interests in a manner that does not alienate important people in your life. During this phase you may suddenly show an interest in unusual areas such as astrology and metaphysics, or in politics, environmental causes, science and technology.
